

San Rafael-Fairfax Corridor Study

Project Number: 2717

LEAD AGENCY

Town of Fairfax

LOCATIONS

Fairfax, San Anselmo, San Rafael

COST

\$150,000

FUNDING SOURCES

\$150,000 NTPP

PROJECT DESCRIPTION

This study will examine the feasibility of proposed improvements to the existing bicycle and pedestrian facilities connecting the downtowns of Fairfax through San Anselmo to San Rafael. The study will identify key corridors and existing nonmotorized facilities and identify and prioritize improvements. This study follows on the update of the Fairfax, San Anselmo and San Rafael bicycle and pedestrian plan updates in 2008, all of which include preliminary recommendations for the corridor intended to address historic obstacles to nonmotorized travel and establish a consistent walkway and bikeway between the communities.

STATUS

Town of Fairfax preparing Request for Proposals for release in 2008
